MINISTERIO PUBLICO MES TA CREANDO DUDA RIBA SU INTEGRIDAD

HOPI DUDA DEN CASO IBIS

TRES SUICIDIO TRAS DI OTRO

TA CONFIRMA SITUACION SERIO Y DELICADO DI SALUD MENTAL DEN COMUNIDAD

PROME MINISTER EVELYN WEVER-CROES:

MANEHO NOBO DI REINTEGRACION A YUDA BAHA E CANTIDAD DI EMPLEADONAN PUBLICO NO ACTIVO, 'OVERTOLLIGHEIDSPOULE'

19

MINISTER DANGUI ODUBER:

E AEROLINEA SOUTHWEST TA AUMENTA FRECUENCIA DI VUELONAN PA ARUBA FOR DI BALTIMORE

Ministerio Publico mes ta creando duda riba su integridad

Hopi duda den caso IBIS

Algun dia atras, CEA cu riba ordo di Ministerio Publico ta encarga pa cobra multanan atrasa, a bishita un cas pa atende c'un persona cu tin "cuenta" habri pa loke ta boetnan cu el a ricibi.
E bishita aki a resulta den un drama na momento cu e persona concerni, na momento di mira oficialnan di husticia na su cas, a haya anshamento y a sufri un atake cu a rekeri presencia di ambulance pa e ricibi tratamento.

E persona aki tabata debe un of mas multa di trafico y casi a mata e hende aki dor di e susto cu el a hiba, mientras cu den mesun forma di procede aki, Ministerio Publico ta practicamente secuestra esunnan cu debe multa, pa famia- of yiunan core bin paga e multa pa asina nan ser keri por bolbe bek cas cerca nan famia.

Hendenan cu ta biahando pa exterior ta wordo para na aeropuerto, hala un banda ya cu nan tin boet sin paga na Ministerio Publico y si nan no tin fondo pa paga, nan lo perde nan vuelo te ora cu nan paga e suma of sumanan concerni pa asina nan por sali for di Aruba.
Ta bin acerca cu hopi hende cu tin multa, nunca nan a wordo informa di esaki, nan no a ricibi un yamada pa presenta dilanti di Hues pa atende cu e violacion cu nan a comete den trafico y nan ta ser confronta di sorpresa pa e accion di detencion aki.

DOS MIDI

Den cierto forma no ta bon pa pone Ministerio Publico den un situacion negativo pero sin duda cu tin cosnan cu simplemente no por y ta cosnan cu tin cu wordo coregi pa evita cu e duda den credibilidad di e institucion aki, a wordo afecta.

Hasta ta ser mustra cu Ministerio Publico ta uza "willekeur" na momento di dicidi kende ta bay of no ta bay prizon y aki un biaha mas tin cu mustra riba e caso conoci como IBIS.
Corte di Husticia a dicta contra di ex Minister drs Paul Croes kende ya a cuminsa sinta su csatigo den KIA pero tambe tin otro acusadonan cu a wordo haya culpabel kendenan a ricibi castigo di prizon for di Corte pero te dia di awe, ainda nan ni a mira paden di KIA.

Ta trata aki di Felipe Schwengle kende a ricibi un castigo di prizon di 2 aña y seis luna mientras cu e otro persona ta

Juan Feliciana kende Corte den Prome Instancia a sentencia na un castigo di prizon di 1 aña y 8 luna caminda e sentencianan aki nunca a wordo ehecuta.
Mientras cu tin persona cu debe multa ta wordo prohibi pa bandona Aruba sin nan no paga nan multa, aki dos persona cu a ser haya culpabel den e caso di IBIS, ta sigui cana liber y nan por biaha ki ora cu nan kier pa exterior, entre otro pa Colombia.
Algo no ta bon na e scenario aki y ta mas cu claro cu den comunidad ta lanta e pensamento cu e dos personanan aki, lo por a ricibi clemencia sea di gobierno, sea di Gobernador loke ta pone cu nan no tin cu sinta nan castigo.

Tambe tin e creencia cu kisas Ministerio Publico a yega na un acuerdo cu e dos personanan aki durante di investigacion di e caso, pa nan testigua contra di Paul Croes y nan lo a ricibi un tipo di 'deal' caminda nan lo no sinta nan castigo si nan a ricibi esaki, loke Corte a dicidi tambe. Awor si esaki no ta corecto, anto Ministerio Publico mester bin dilanti y informa comunidad kico ta pasando cu dos persona cu a wordo sentencia pa Corte den Prome Instancia, ainda no a bay cumpli cu nan condena.

Anto den e caso aki, Paul Croes tambe mester ricibi e mesun trato aki, ya cu awor por cuminsa papia loke hopi den comunidad ta señalando, cu e instituto hudicial realmente tin un rol pa persigui mandatarionan politicamente ya cu no tin otro hustificacion.
E situacionnan confuso aki, ta wordo crea dor di e propio Ministerio Publico, cu no ta habri cu pueblo, cu ta laga cosnan pasa bay cu ta habri caminda pa comunidad haya duda den su forma di procede.

Tres suicidio tras di otro

Ta confirma situacion serio y delicado di salud mental den comunidad

Diamars ultimo autoridadnan policial na warda di polis na Shaba, na momento di un control rutinario, a descubri curpa sin bida di un hoben cu tabata den detencion preventivo.
Un hoben di apenas 17 aña di edad kende a wordo deteni pa diferente delito, entre otro menasa cu arma, den e caso aki cu machete, fuera di algun otro keho cu tabatin contra di su persona.
Mesora a pidi presencia di ambulance na e sitio mientras cu polisnan a practica inicialmente CPR riba e curpa di e hoben pero tur esaki tabata envano ya cu e hoben a fayece caba.
Un hecho tristo y cu ta bira di dos caso den apenas un luna di tempo, c'un persona deteni na warda di polis, ta pone fin na su bida ya cu anteriormente tabatin un caso caba den cel na warda di polis na San Nicolas.

Aki tambe un persona cu tabata den aresto preventivo a tuma e decision drastico di bandona e mundo aki mientras cu na mes momento tin tambe un caso 10 dia pasa, ora c'un señora hoben di 21 aña, a ser haya morto na su cas na Sabana Basora.
Tin tur indicacion cu e mama hoben aki di dos yiu chikito, tambe lo a mira e decision extremo aki como e unico salida cu e tin den e etapa aki di su bida.

E asunto di salud mental ta sigui bira y crece den comunidad y practicamente no tin un maneho fiho of determina cu por mustra e vision di gobierno pa atende cu hopi hende, di cual e grupo ta sigui crece, pa asina nan haya alivio of sosten necesario den nan momentonan mas delicado.

A dicidi di lanta un departamento pa esaki, Minister a papia hopi bunita di su plan cu e tin pa hendenan cu problema di salud mental pero realmente no tin algo concreto caminda propio autoridadnan manera oficialnan di polis, lo por acudi cerca dje pa asina e hendenan cu haya nan mes den problema, lo por wordo miho atendi cu djis hisa nan benta den un cel na warda di polis.

Ta conoci su Respaldo algun luna atras a dicidi di limita su servicio pa atende cu hendenan cu problema di salud mental pero e siman aki ora cu Minister di Husticia, sr Rocco Tjon a anuncia su plannan cu fondonan adicional cu su gobierno tin awor pa inverti, no a menciona ningun proyecto pa atende cu e tipo di hendenan aki.

Respaldo tampoco a wordo menciona y keto bay gobierno ta dunando e impresion cu su enfoke ta mas riba otro asuntonan cual no ta regarda salud di hendenan cu tin problema di salud mental, ya cu e concentracion ta mas dirigi na proyectonan cu supuestamente lo sigura sosten politico di comunidad pa politiconan aki.

Tres persona cu a dicidi di pone fin na nan bida den un periodo asina cortico, ta confirma sin duda e seriedad di e situacion aki caminda ta rekeri mas esfuerso y mas atencion pa busca un forma pa yuda e hendenan aki.
Minister di Husticia ningun momento a anuncia dialuna ultimo, cu lo pone placa disponibel pa pone camara di vigilancia den e warda di polis caminda ta detene hendenan cu ta cera pa motibo di un of otro investigacion.

Prome Minister Evelyn Wever-Croes:

Maneho nobo di reintegracion a yuda baha e cantidad di empleadonan publico no activo, ‘overtolligheidspoule’

Di e 82 empleadonan cu no ta activo cu a keda, falta 9 cu ainda ta buscando funcion adecua den aparato publico

Desde di comienso di gobernacion di Gabinete Wever-Croes, a constate un canditad di ambtenaar no activo, ‘overtolligheidspoule’, den e aparato gubernamental. Gobierno inmediatamente a tuma pasonan concreto pa yega na solucionnan cu ta realisabel pa asina drecha e situacion aki.

GABINETE WEVER-CROES I A HEREDA 82 AMBTENAAR DEN EMPLEADONAN NO ACTIVO

E categoria di ambtenaarnan no activo tawata un reto enorme cu a costa Gobierno un total di 7 miyon florin pa aña. Esakinan ta ambtenaarnan cu a wordo manda cas mientras nan tawata wordo paga. 82 ambtenaar tawata den e categoria aki. Gabinete Wever-Croes desde e principio di gobernacion no a acepta cu mester paga hende mientras nan no ta trahando siendo cu tin cu baha gasto di personal. Cu e maneho di Gabinete Wever-Croes, a logra baha e ‘overtolligheidspoule’ aki y e deseo sigur di Gobierno ta cu esaki ta yega na 0.

Prome Minister Evelyn Wever-Croes a duna di conoce cu na fin di aña pasa, Gobierno a anuncia un maneho nobo relaciona cu maneho di e grupo di empleadonan publico cu no ta activo. E maneho aki ta enfoca riba un buskeda mas activo pa funcionnan adecua pa e empleadonan cu no ta activo. Den e contexto aki, e empleadonan cu no ta activo mes ta keda responsabel pa nan propio proceso di reintegracion y nan lo ricibi guia di Departamento di Recurso Humano (DRH) durante e proceso aki.

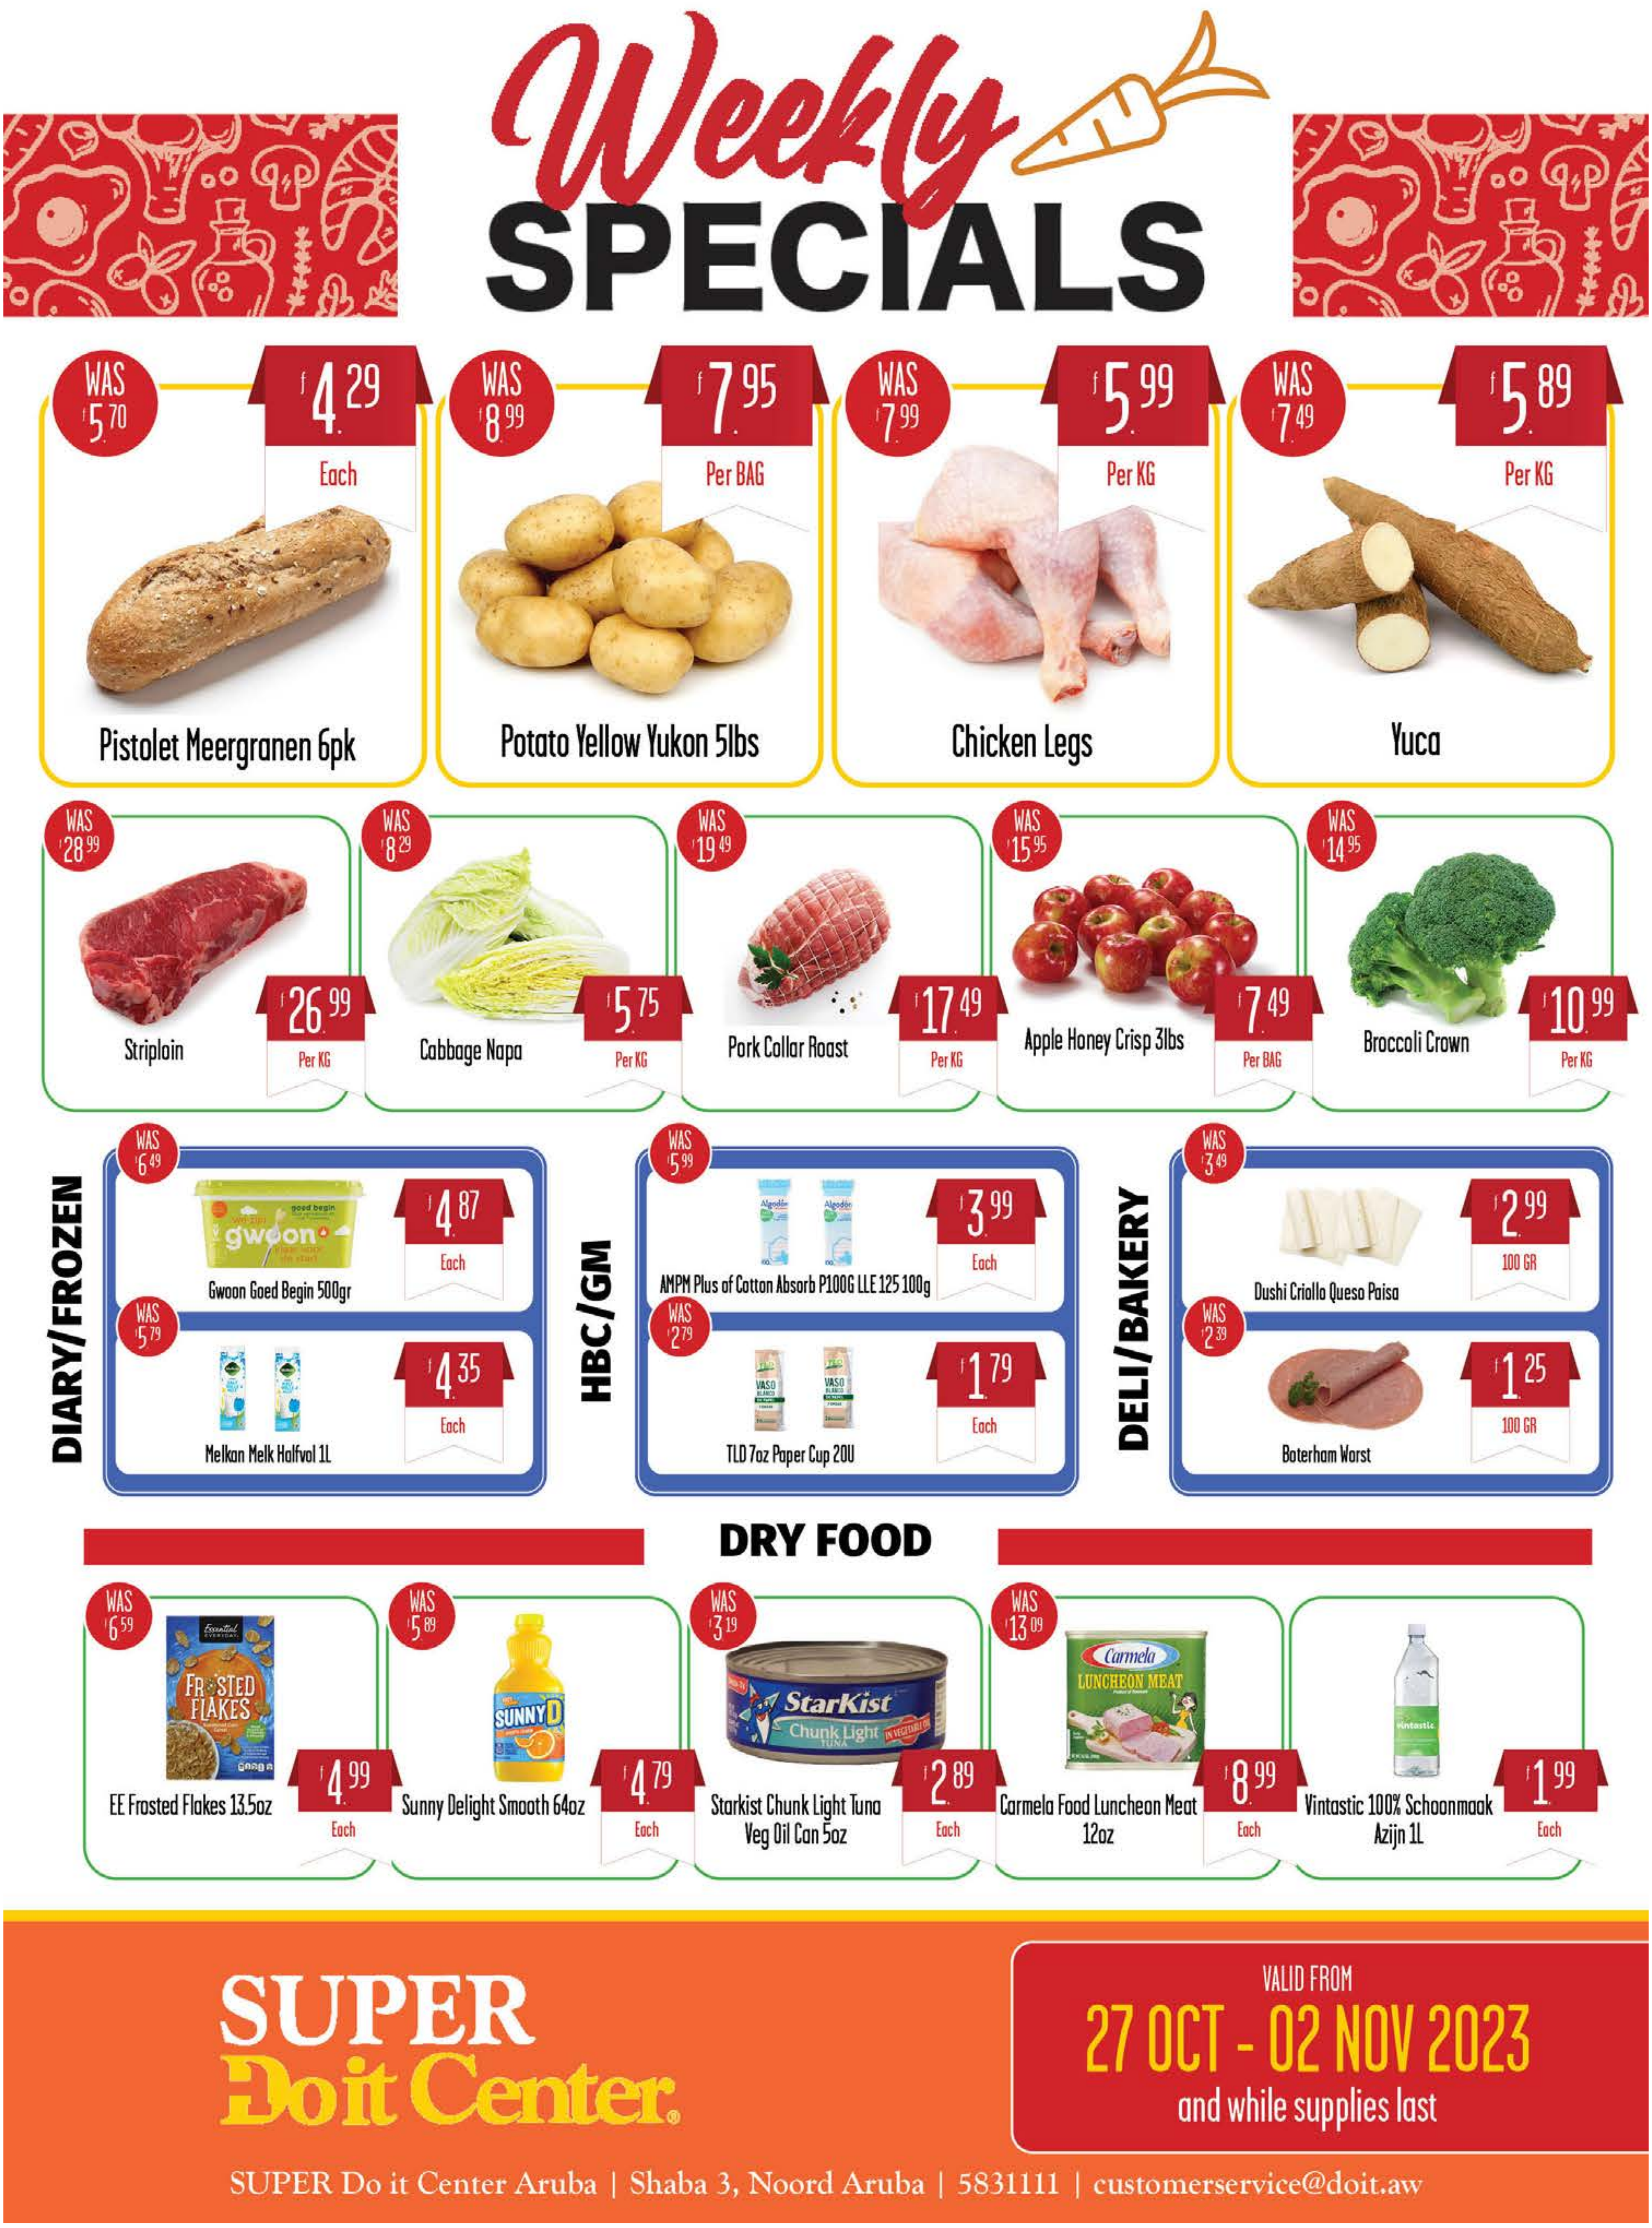

E proceso di reintegracion ta tuma 12 luna. Den caso cu un empleado no activo no kier colabora cu su reintegracion of cu e asistencia ofreci, lo tin consecuencianan negativo (Por ehempel: lo por inicia un proceso disciplinario of retiro). Segun e maneho aki, si e reintegracion no ta exitoso dentro di e termino di 1 aña, por duna retiro na e empleado publico.

DI E 24 (IPV 20) EMPLEADONAN CU NO TA ACTIVO CU A KEDA, TIN:

- Nuebe (9) cu ainda ta buscando funcion adecua den aparato publico;
- Diesun (11) cu ta keda oficialmente aloca den un servicio di Gobierno;
- Un (1) cu a wordo retira;
- Tres (3) ta “on hold” (arbeidsongeschikt, disciplinair traject, gedetineerd)

E cifranan aki ta importante pa ilustra cu e maneho di Gabinete Wever – Croes pa baha gasto di personal a conduci su mes na solucionnan concreto pa logra baha cantidad di empleado publico no activo. Prome Minister a enfatisa cu Departamento di Recurso Human ta haciendo tur posibel pa haya solucion pa e 9 empleadonan publico cu ainda ta den ‘overtolligheidspoule’ y alabes ta gradici nan pa logra baha e cantidad di empleadonan publico cu ta no activo y asina tambe tin miho maneho den cuadro di Organisacion Gubernamental.

Acapulco destrui pa horcan Otis

E residentenan laga den caos

Horcan Otis a causa destruccion na Acapulco, lagando e ciudad turistico hinca den e caos cu cortamento di coriente, faya den comunicacion y un cantidad di victima desconoci.

E secuela di e horcan di categoria 5 a caracterisa pa daño grandi, manera mata cu a bin abao, liña di coriente destrosa y inundacion masivo den algun zona. Aunke gobierno a manda por lo menos 10 mil efectivo militar pa yuda, e destruccion a dificulta nan esfuerso di respons.

E imagennan di e secuela a mustra hotel cu na prome instancia tabata di luho riba beach, awo parce cu ta den ruina, cu bentana kibra y escombro. E falta di ayudo efectivo y di reestablecemento di e infrastructura a frustra e residentenan y e boluntarionan, cu a haci nan esfuerso pa haci e cayanan limpi di lodo y escombro. E interupcionnan den e servicio di coriente y internet a complia ainda mas e esfuersonan di recuperacion.

E residentenan, hopi di cual a penas a wordo adverti di e gravedad di e horcan, a confronta condicion desespera, cu un acceso limita n'e necesidadnan basico. Algun a recuri na sakeo en busca di suministro esencial. E impacto di e horcan tabata specialmente duro den e comunidadnan pober di Acapulco.

Acapulco a sufri hopi problema den e ultimo añanan, desde e caida di turismo debi na violencia di crimen organisa te na e devastacion causa pa horcan Pauline na 1997. E intensificacion inespera di Otis y e caos cu a sigui, ta pone di relieve e vulnerabilidad di e ciudad na catastrofe natural y e necesidad urgente di esfuerso di recuperacion y ayudo.

Crisis di debe Mericano na caminda

E crecemento riba su mes no ta suficiente

Merca ta enfrenta un crisis creciente di debe cu e no por resolve unicamente cu crecemento economico, e grupo di investigacion no partidista Peter G. Peterson Foundation, a adverti. E carga di e debe di Merca, cu ta yega na 33 biyon dollar, lo sigui aumenta y ta premira cu e alcance di e debe/GDP ta di 107% na 2029, un maximo historico. E tendencia alarmante aki ta contrasta cu e añanan prome cu Segunda Guera Mundial, ora cu e relacion debe/GDP a baha significativamente debi n'e condicionnan faborabel di e mercado, e crecemento economico posguera y na un maneho fiscal strategico.

E investigadonan ta subraya cu conta cu un crecemento rapido di e GDP no ta un solucion confiabel mirando e actual previsionnan di deficit primario, e cambionan demografico y e maneho di e Reserva Federal enfoca riba control di inflacion. E legisladornan ta enfrenta un yamada importante di atencion y mester explora e solucionnan politico adecua n'e actual panorama fiscal y economico.

E retonan ta mustra grave pa un deficit presupuestario sin resolve, algun acuerdo politico insigur y e compromiso di e Reserva Federal di subi e tiponan di interes. E factornan aki, hunto cu un parti substancial di e debe nacional cu ta vence otro aña, a lanta inkietud riba e sostenibilidad di e costo di servicio di e debe. E temor di atrae cumprado p'e bononan di Tesoro Mericano lo por hasta hiba e subastanan di Tesoro na fracaso, loke por obliga e Reserva Federal pa cumpra titulo di debe, cu consecuencia di inflacion. E dificultad creciente di debe ta exigi un actuacion politico prudente y decisivo.

Tiramento masivo na Lewiston, Maine, a laga varios morto

Un tiramento masivo a tuma luga na Lewiston, Maine, lagando e comunidad den estado di shock y luto. E tiramento a tuma luga diaranson anochi y a confirma morto di 18 persona, aunke algun informe ta mustra un cantidad mas hopi di victima, posiblemente te 22. E incidente aki por ta e tiramento masivo mas mortal di e aña aki na Merca.

A identifica e supuesto autor di e tironan, Robert Card, di 40 aña, como persona di interes. Autoridad a adverti cu e ta arma y ta peligroso. Despues di e tiramento, a cera Lewiston, un ciudad di mas of menos 38 mil habitante, a ordo ceramento di comercio y a insisti n'e residentenan pa keda den nan cas.

E tragedia a tuma luga na dos luga: un restaurant y un luga di bowling. E sobrevivientenan a relata experiencia di angustia y algun a busca refugio y proteccion durante e atake.

Aunke e incidentenan di violencia cu arma di candela cada biaha ta mas frecuente na Merca, Maine ta ocupa e posicion 40 entre e estadonan di e pais, pa loke ta morto relaciona cu arma di candela. E tiramento a provoca un ola di dolor y preocupacion p'e victimanan y nan famia.

Forsa di ordo ta participa activamente den e investigacion y ta efectuando un respons riba escala estatal.

Algun estado bisiña, manera New Hampshrie y Connectitud a bay den alerta debi n'e persecucion di e autor di e tiramento. E situacion ta sigui instabil y ta sigui apareciendo detaye mientras autoridad ta traha pa detene e sospechoso y duna sosten n'e comunidad afecta.

Texas Rangers ta sali como faborito den e Serie Mundial contra Arizona Diamondbacks

AP Photo/David J. Phillip

Texas Rangers ta cla pa haci historia door di drenta den e Serie Mundial como e faboritonan cu un score di -175 pa sigura nan prome campeonato di e Serie Mundial. Nan biahe p'e Fall Classic tabata uno impresionante, cu Rangers superando Astos di Houston den un emocionante serie di shete partido, unda cu e road team a gana tur e partidonan.

Nan rival, Arizona Diamondbacks, tambe a yega n'e Serie Mundial di un manera notabel, derotando Philadelphia Phillies den e di shete partido di NLCS. Ambos ekipo a experencia temporada perdedo na 2021, pero nan renacemento como ekipo den 2023, a hiba nan n'e confrontacion improbabel aki den e Serie Mundial.

E probabilidadnan ta faborece un serie competitivo cu un serie di seis y shete partido na +200. Un serie di cinco partido ta na +200. Un serie di cinco partido ta na +275, mientras cu e perspectiva di un bari limpi pa cualkier di e ekiponan tin probabilidad di +500.

Den e careda p'e titulo di MVP di e Serie Mundial, dos hungado di Texas Rangers ta na cabes di e lista. E shortstop Corey Seager t'e maximo faborito cu +500, sigui di cerca p'e outfielder Adolis Garcia cu +600. Garcia tabata un forsa pa tene cuenta cu ne den e playoffnan, cu un actuacion notabel den ALCS. Pa Diamondbacks, Ketel marte y Corbin Carroll ta aspirante na +950, cu Marte luciendo un fuerte OPS di .986 den e playoffnan, mientras cu e actuacion destaca di Carroll den e di shete partido, a bal e reconocemento.

E Serie Mundial aki ta priminti ta un emocionante encuentro entre dos ekipo cu lo desafia e probabilidadnan y e fanaticonan di baseball ta spera cu impaciencia e accion cu lo desaroya.

E prome reviews di ‘Five Night at Freddy’s’ a drenta y nan ta basta ‘Rotten’

E première di ‘Five Night at Freddy’s’ no ta bayendo mucho bon. E pelicula aki ta e adaptacion mas recien di ‘video game based movies’ cu ta sali despues di HBO su series hopi aplaudi ‘The Last of Us’ y Netflix cu ‘The Witcher’. Lastimamente FNAF di Blumhouse no por bisa mesun cos, ya cu e reaccion cu ta drentando ta basta malo. Critico ta bisa cu e pelicula ta un ‘snoozefest’ cu falta e factor cu a haci e wega bira asina popular.

Te cu awo, e pelicula di ‘Five Nights at Freddy’s’ tin un grado di solamente 30% riba Rotten Tomatoes y e score ainda ta bahando durante dia. Maske e grado di e pelicula no ta esun pio di peliculanan basa riba video games. E ta yegando e nivel di un di e peliculanan mas malo di 2023. Cual mas sigur lo por ta un golpi pa tur esnan envolvi den e pelicula. Critico ta bisa cu e plot di e pelicula a wordo ranca mucho fini poniendo e pelicula bira un “co” cu lo wordo lubida di biaha.

Director Emma Tammi su plan original ta haci un trilogy di FNAF, pero mirando e recepcion di e pelicula, tin chens cu esaki lo ta e prome y ultimo den e series. Mientras e opinion di e pelicula ta mixed, hopi critico ta bisa cu e pelicula ta flat, cu masha poco ‘jump-scares’ y no suficiente accion pa hustifica su runtime.

E grado cu e publico general a duna e pelicula ainda no a sali, pero man’e semper, esaki mas sigur lo ta mas halto cu esun di e criticonan. Mayoria critico cu a wak e film ta hendenan di The Guardian y Hollywood Reporter, dus nan no ta hende cu lo echt aprecia e type di peliculanan aki. Por, ehempel e prome pelicula di SAW cu a cuminsa un frankicia multimilionario a haya un grado di critico di solamente 28.9%. E publico mes a duna esaki 64%. Dus ainda FNAF tin chens pa bira algo mas grandi den e mundo di pelicula.

Asina mes cu e revista di e pelicula ta malo, tog ‘Five Night at Freddy’s’ a un exito comercial pa Blumhouse. E pelicula ya caba a gana su budget di $25 miyon prome cu e la sali. Dus tur placa cu e gana awo lo ta ganashi, y nan ta verwacht cu tog lo tin un capital di hende cu lo bay wak e pelicula motibo cu FNAF tin un grupo grandi di fanatico. Pero ya, haya feedback negativo tog no ta algo dushi pa e director Emma y e resto di e crew.

E pelicula a cuminsa aki tambe na Aruba, abo lo bay wak e?

AVP a dialoga cu comercio riba Sociaal Cultureel Planbureau

Un delegacion di Partido di Pueblo Arubano (AVP) a sinta diahuebs mainta cu representantenan di ATIA, Camara di Comercio y Comerciantenan Uni Aruba pa un intercambio di pensamento riba e propuesta cu fraccion di e partido a entrega na Parlamento pa crea na Aruba un Sociaal Cultureel Plan Bureau. E obhetivo ta pa comunidad, gobierno y parlamento conta cu un instituto cu por midi tur factor socioeconomico cu ta afecta comunidad.

Actualmente mes tin un bon ehempel di e necesidad di un entidad asina ora cu cifra di turismo ta papia di crecemento, mientras cu tin cantidad di empresa ta bati bancarota pa motibo cu e costo di haci negoshi ta demasiado caro.

Na Merca ta referi na esaki como "Wall Street" vs "Main Street", cifranan por parce bunita pa un sector, pero otro sector, hopi bes esun real y nacional ta den recesion.
Aruba nos tin un "Hotel Street" cu ta wak turismo crece, pero e empleado, e chofer di taxi, e empresario chikito no ta bay dilanti, e Mainstreet di Aruba no ta mira e mesun prosperidad.

"Kiermen tin un desconexion entre e modelo economico y e realidad cu nos comunidad ta biba; anto riba nivel politico, nos gobernacion ta papia di surplus mientras pueblo ta sclamando cu no tin placa pa paga remedi, schoolgeld y ta biba bou di e bestaansminimum. Kiermen e sistema politico a desconecta completamente for di e realidad cu nos pueblo ta bibando na e momentonan aki," asina lider di partido AVP, mr. Mike Eman a comenta na salida di e encuentro cu sector comercial.

Representa pa Herrick Henriquez di ATIA, Gavril Mansur y Martijn Balkestijn di Camara di Comercio y Francis Saladin Jr. di CUA, comercio a dialoga cu e delegacion di AVP consistiendo, ademas di Eman, di parlamentarionan Sevinger, de Meza, Dowers y consehor di fraccion Wendrick Cicilia. E encuentro aki a tuma luga na sede di ATIA na Dakota.

E lider di oposicion a amplia su argumento indicando cu por mira un deterioro fisico tur caminda; bario, scol, edificio y caminda cu no ta manteni, mientras gobierno ta papia di surplus. AVP kier mira un economia cu tin rendimento pa tur hende y cu tur hende ta bay dilanti.

Eman: *"Esey ta locual nos kier cambia y conecta bek economia na e realidad, na e beneficio pa nos pueblo, na e necesidad di e pensionado, di e empleado, di e muchanan di scol, pa e famia por tin un bida husto."*

Tin mester di un vision nobo cu banda di CAFT cu ta controla nos presupuesto, tin instituto cu ta wak tambe kico ta e realidad socioeconomico di nos hendenan.

Tin mester di instituto cu ta haci e calculacion y analisisnan ey y esey ta locual un Sociaal Cultureel Bureau ta haci. Dialuna Eman ta biahando pa Hulanda pa propone e concepto aki.

Splicando e pakico ta importante pa bo tin un bista completo di e situacion, Eman a duna e ehempel di cu bo no por core un auto, ni tampoco bula un avion sin tin un dashboard completo di meters.
"Bo no por wak un meter so, bo tin cu wak si e auto ta cayente, si e ta charge, cu cuanto velocidad bo ta core, si tin suficiente gasolin..., bo tin cu wak henter un dashboard. Na e momentonan aki ta wak un meter so pa bisa cu cos ta bon na Aruba, pero no kier wak cu cos ta hopi dificil pa nos comunidad."

Gabinete Wever-Croes ta hiba un maneho financiero responsabel

Regla presupuestario ta indica cu ora ta trata di "meevallers", 50% di e placa mester bay na debe

Y 50% por bay na inversion den proyectonan

Durante un conferencia di prensa extraordinario di Gobierno, Prome Minister Evelyn Wever-Croes a duna un splicacion amplio riba e regla di presupuesto den caso di "meevallers", cu ta fondo adicional cu no a wordo anticipa. Esaki pa motibo cu oposicion ta cuestionando unda pa inverti e placa di surplus cu tin den e presupuesto supletorio 2023. Prome Minister a indica cu Aruba tin obligacionnan financiero y palabracionnan haci cu Hulanda, y na momento cu tin "meevallers", e suma di placa ey no por wordo uza na loke Gobierno ta desea. E regla di presupuesto ta indica cu den casonan asina, minimo 50% di e placa mester bay na paga debe, y 50% por bay na inversion den proyectonan.

Pa prome biaha den historia di pais Aruba, ta encontra un situacion unda cu tin un surplus cu ta mas halto cu 1% di GDP. Despues cu departamento di finansa a actualisa e cifranan conforme nan realisacion, por mira cu e surplus a bira 1.8% di e GDP, cu ta ekivalente na 50.2 miyon florin, Di e manera aki 50%, cual ta suma 25.1 miyon ta wordo destina pa paga debe, y e otro 50% ta bay pa por haci extra inversion, manera ta stipula den e reglanan presupuestario.

Manera por scucha den prensa, oposicion ta cuestiona Gobierno riba e plannan pa inverti e placa adicional aki den diferente proyectonan. Prome Minister a indica, cu oposicion conoce e reglanan presupuestario hopi bon, y sa cu Gobierno pa regla no por inverti e placa aki den AZV, onderstand, y of salario, manera nan ta indica. Esaki ta un manera di oposicion pa crea polemica na unda no mester, paso nan sa hopi bon kico e reglanan ta. Gabinete Wever-Croes II, semper a hiba un maneho financiero responsabel, y hamas lo actua contra regla, y p'esey lo aloca e placa adicional aki, na unda regla ta stipula. Mester enfatisa si, cu pa loke ta trata inversion den proyectonan, cada un lo wordo evalua pa un comision di Departamento Economico y Departamento di Finansa, cu ta scrutina tur inversion y ta fiha un prioridad conforme necesidad.

Lider di Fraccion MEP, Hendrik Tevreden ta felicita Gobierno cu a haci un tremendo trabao:

E ultimo reportahe di CAft ta e miho reportahe cu Aruba a haya te cu awo

Gobierno lo sigui negocia pa haya un miho porcentahe di interes, sea internacional of cu Hulanda mes

Lider di Fraccion, Hendrik Tevreden a elabora riba e ultimo reportahe di CAft durante su conferencia di prensa dialuna ultimo. Tevreden tabata tin diferente remarca y un di esakinan tabata cu CAft a indica cu Aruba ta den un crecemento sumamente positivo y cu Aruba ta e pais cu mas a crece den e region den e ultimo añanan.

E Parlamentario a sigui bisa cu habrimento di e frontera, saliendo di e pandemia, ta un decision cu a tuma curashi y *"awe bo ta mira cu nos ta e pais economicamente mas creciente den nos region".*

CAft a raporta cu esaki ta un crecemento di 8 % y cu na 2024 e lo ta rond di 3 %. Esaki ta nifica cu pais Aruba ta bira mas fuerte pa por paga e debenan cu Aruba tin y esaki lo yuda pa economia sigui crece y bira mas fuerte como pais, a bisa. Segun lider di fraccion di MEP, un di e puntonan cu a keda ariba mesa ta e 'hoge rentelasten' y manera Profesor Nicolaï a bisa, e 'strafrente' cu Aruba a haya door di un lening di pandemia di COVID di Afl. 916 miyon, di cual un tercera parti a bay den economia pa pone cuminda na mesa di mama y tatanan di famia tempo cu hotel, negoshinan a cera y nan tabata tin cero placa den nan cartera. Cu e ayudo aki, mas di 4 mil famia a haya un entrada chikito cu nan por a mantene cabes ariba awa. Pero manera ta conoci, october a yega y Aruba mester cuminsa paga e debe bek y ta cera un convenio cu Hulanda hayando un 'strafrente' di 6.9 %.

Esaki CAft tambe ta remarca, cu e interes aki ta un poco halto y cu lo tin cu purba na baha esaki, Tevreden a indica. For di Parlamento a saca diferente mocion caminda ta indica na gobierno di Aruba cu Parlamento kier pa sigui negocia. Gobierno lo sigui negocia pa haya un miho porcentahe di interes, sea internacional of cu Hulanda mes.

Banda di esaki, e Parlamentarionan ta preparando pa atende IPKO, cu lo tuma luga na Aruba y lo hiba e punto aki dilanti cu Tweede Kamer, Eerste Kamer, Parlamento di Sint Maarten y di Corsou pa asina por busca tambe un miho interes pa Aruba di parti di e Parlamentarionan. Cada Parlamento por indica e direccion cu nan kier pa nan gobierno cana, Hendrik Trevreden a declara. *"Nos ta mira cu tin un posibilidad grandi pa den comienso di aña por tin un bon noticia*

pa cu Aruba unda cu e interes aki lo baha", a agrega. E decision pa mantene e autonomia financiero, pa dicidi unda ta inverti como pais y unda ta corta, e decision ey a wordo tuma. *"Pasobra si nos a entrega e autonomia financiero ey na Hulanda, januari 2024, sigur Aruba lo a experencia un otro diferente historia".*

Parlamentario Tevreden ta di opinion cu e maneho di e pais aki mester haci'e den un forma holistico, teniendo cuenta cu e hendenan, cu finansa y cu e creditornan internacional. Y no contrario na e deseo di e opositornan di tene na cuenta e aspecto financiero so.

E reportahe di CAft ta e miho reportahe cu Aruba a haya te cu awo y p'esey e ta felicita gobierno di Aruba, specialmente Minister Presidente Evelyn Wever-Croes, Minister di Finansas Xiomara Maduro pa e trabao duro cu nan ta bin ta haci desde pandemia te cu awo. Tambe e ta felicita tur otro minister pa haci nan trabaonan na e manera corecto pa por mira awe un reportahe asina positivo y un futuro briyante.

Awo ta keda den espera 1 di januari 2024 cu lo ta hopi fuerte pa pais Aruba. Ta sigur cu lo bay logra baha e interes cu a haya pa e lening di COVID, sea ariba mercado internacional of cu Hulanda mes, na un miho interes di loke a ricibi, a bisa.

Parlamentario di AVP, mr. drs. Mervin Wyatt-Ras:

Tripartiet ta cera cu avance y reto pa e bienestar di pueblo

E encuentro Tripartiet cu a tuma luga diamars entre islanan CAS (Corsou, Aruba y St. Maarten) a conclui parti atardi cu e di dos sesion caminda delegacionnan parlamentario a discuti topiconan manera e oportunidadnan di cooperacion den sector medico, pero tambe e consecuencia cu ta cuminsa mira for di ehecucion di Landspakket riba e islanan.

Por ehempel, tin un Vierlandenoverleg hunto cu Hulanda, bou guia di e Rijksinstituut Volksgezonheid en Milieu (RIVM). Como parti di esaki, ta trahando riba varios proyecto cu ta inclui salud mental, pero tambe preparacion pa desaster y prevencion, entre otro. A keda demostra, segun e parlamentario cu ta importante pa e paisnan traha hunto y comparti informacion.

Minister di salubridad di Sint Maarten ta di acuerdo cu Wyatt-Ras y ta laga e ultimo aki corda cu na 2015 Aruba a pone e base pa esaki durante e conferencia di cuido di salud bou di ex minister Alex Schwengle caminda a yega na palabracionnan concreto. *"Awe mi ta sinti mi hopi orguyoso cu otro gobierno cu a bin ta haci uzo di locual nos a palabra,"* Parlamentario Wyatt-Ras a expresa.

Sinembargo, no tur cos tabata koek en ei na e Tripartiet. Tabatin discusion mas fuerte riba e tereno fiscal, reforma di belasting como parti di Landspakketen y nan efecto den e combatimento di pobresa. E parlamentario di AVP ta sinti cu ora di encuentro na nivel di reino, algun hende ta opta pa djis papia bunita cu Hulanda. E realidad ta cu tin un pobresa creciente na Aruba y cada bes mas persona cu no por biba cu loke nan ta haya como salario. Asina mes, miembronan di coalicion ta papia cu orguyo di e medidanan cu a tuma.

Tambe por a tuma nota cu ni Corsou, ni St. Maarten a tuma e medidanan aki. Nan a opta pa mehora e cumplimento fiscal, generando asina mas placa pa caha di gobierno. Na Aruba a neglisha e aspecto di cumplimento y djis hisa impuesto riba esunnan cu si ta cumpli cu nan obligacionnan. Riba dje, coleganan di Aruba ta reacciona ora cu kier trece e berdad dilanti, den nan afan pa defende gobierno di Evelyn Wever-Croes.

No por ehecuta e Landspakketnan ciegamente, segun Wyatt-Ras. Mester wak tambe kico e ta nifica pa e pueblo. P'esey AVP a presenta e mocion di pa institui un Sociaal Cultureel Plan Bureau cu lo conseha prome cu tuma cierto decision, riba e posibel impacto pa comunidad; en particular esunnanmas vulnerabel.

Wyatt-Ras: *"Asina por tuma decision di un forma mas consciente di e poblacion. Na luga di djis kier haci bunita cu Hulanda, e esencia mester keda nos poblacion, su felicidad y prosperidad."*

Por ultimo, e parlamentario di AVP a gradici e comision organisado di e Tripartiet y en particular colega Marlin di St. Maarten cu a presidi su ultimo reunion. Ta dese'e hopi exito y forsa, mescos cu na otro colega presente.

'Awe nos ta na Stichting BOB pa firma un acuerdo cu ta sumamente importante. E fundacion ta manda pashent pa wordo diagnostica na Hospital pero informacion no ta yega bek cerca nan pa informa si a constata cancer di pecho of no pa motibo di privacidad di pashent. Cu e acuerdo nobo aki, HOH lo duna nan acceso na e informacion p'asina Stichting BOB por haya sa cua ta e proceso di e pashent y asina nan por conecta bek pa un miho servicio na pashent', segun Jacco Vroegop. Na october di aña 2012 a funda Stichting BOB Aruba na un notario. Pues, segun dokter Williams, ki luna mas festivo cu october pa firma un acuerdo bunita asina. "E acuerdo cu nos a firma cu Hospital ta uno cu mester a pasa hopi tempo pasa caba, pero awo e ta un hecho cu ta duna nos un chens pa haya resultado di e 'follow up' di e personanan cu nos a manda Hospital. Pues e ta yuda nos drecha e calidad di screening.

Fortaleza pa Famia

Ta tempo pa nos balora nos muchanan

NOS ta bibando den tempo trabahoso, caminda malo ta wordo apoya como bon.
Inmoralidad ta wordo transmiti como informacion y enseñansa,
Perversidad ta wordo yama moda.
Impuresa ta wordo disfrasa den un forma di biba.

Tur esakinan ta forma parti di e nubia scur cual diabel kier cubri mente di esnan cu no kier tende y somete nan bida completamente na Cristo Hesus.

Ta tempo pa predica e evangelio cu e maximo claridad di expresion posibel, pasobra nos Señor nunca a uza palabra bunita pa convence hende, pero Hesus a bisa tur cos manera nan ta, y ta keda na e persona si e kier tende of no.

E tempo cu ta falta pa e binida di Cristo ta hopi cortico, y no ta tempo pa yaya hende mas pero ta tempo pa bisa e berdad, pasobra lo bo sa e berdad y berdad lo haci bo liber.

Hopi biaha bo ta tende mayornan bisa cu nan no por forsa nan yiunan pa bay cas di Dios, sea misa, iglesia, tempel etc.

Pero e diabel si ta ranca nan bay caya cu ne.
Hinca nan den paranda y buracheria.
Uzando tur clase di droga.
Bruha nan mente pa nan bende nan curpa.

Domina na bida cu habito robes asina cu nan ta bira sin identidad, y sali completamente for di locual ta e boluntad di Dios pa nan bida.

Hinca nan den gang y asina nan ta bira criminal tempran den nan bida.

Mientras cu nos como mayor kier bay suave, pa evita discusion, e enemigo ta hala nos yiunan bay cu ne.

Hesus papiando den Mateo 18:5-6 ta bisa: Y ken cu ricibi un mucha asina den Mi nomber, ta Ami e ta ricibi. Ma ken cu haci un di e chikitonan aki, cu ta kere den mi trompica, ta miho pe cu un piedra di molina pisa wordo cologa na su garganta y cu e wordo hoga den profundidad di lama.

Aki nan tur hende mester realisa, kico ta e consecuencia pa esnan cu pone piedra di trompica den caminda di

muchanan, Pasobra esaki no ta opinion di hende, pero ta palabra cu Cristo Hesus mes a bisa, y esun cu ta rechasa palabra di Dios, Dios tambe lo rechase.

E a coy e un mucha y pone para memey di nan, y ora cu E a tum'e den su brasa, E a bisa nan: Ken cu ricibi un mucha manera esaki den Mi nomber ta Ami e a ricibi, y ken cu ricibi Mi, no ta Ami e a ricibi, sino esun cu a manda Mi (Marco 9:36-37),

Yiunan ta herencia di Señor, e fruta di barica ta un recompensa (Salmo 127:3).

Mira pa boso no desprecia un di e chikitonan aki, pasobra Mi ta bisa boso cu nan angelnan den cielo, continuamente ta contempla cara di Mi Tata cu ta den cielo (Mateo 18:10).

Ta dolor pa mira con hobennan awendia ta bay den caminda robes, cana cu arma, comete crimen, y hasta kita nan propio bida.
Ta tempo pa nos no wak mas ken ta ken, tampoco yiu di ken, pero cada mucha ta importante pa Dios.

Ta un tristesa ora nos tende hende papia y bisa con droga mester wordo legalisa, y nan sa masha bon cu e victima mas grandi lo ta nos muchanan.

Ta tur sorto di bagamunderia e enemigo ta purba riba nos muchanan, pero nos tin di corda cu nos como mayor mester ta responsabel y guia nos yiunan den e caminda di berdad y bida, cual ta e caminda di nos Señor Hesus Cristo.

Dios yuda nos.

Sinceramente, Pastor Marcel Balootje

A.T.A. Conducts Survey to Measure Visitor Expectations and Sentiments

THE Aruba Tourism Authority (A.T.A.) is currently undertaking an extensive survey to evaluate visitor sentiments. The aim of this survey is twofold: to gauge visitor sentiments and to gain a deeper understanding of their experiences on our island, assessing how well it aligns with their expectations.

A total of 1,500 tourists are being approached to participate in the survey, which is taking place at 14 different locations and attractions around our island, including the California Lighthouse, Alto Vista, Bushiribana, Casibari, Ayo Rock Formation, Quadirikiri, Fontein, and various beaches. The survey will conclude on November 13th.

One of the primary goals of this study is to comprehend how a crowd of people can influence or affect a visitor's experience. Visitors will be asked about their perceptions and feelings regarding various crowd sizes and how this impacts their experience at the site.

The results of this study will provide a better understanding of what visitors expect during their stay in Aruba and their overall experiences. This data will assist the A.T.A. in enhancing the tourist experience on our island.

The study's findings will be presented in December. For some of these sites, A.T.A. conducted a similar study in 2018, enabling a comparison of feedback. A.T.A. is pleased to hear the voices of our visitors and utilize their feedback to make Aruba an even more attractive destination.

In this endeavor, A.T.A. strives to ensure that Aruba not only meets but exceeds the expectations of its valued visitors, creating an experience that is truly memorable and aligned with their desires.

Savaneta, a new hub for tourism!

YESTERDAY afternoon, the Minister of Tourism, Mr. Dangui Oduber, visited the Savaneta neighborhood for the inauguration of the first "Savaneta 64" house – a historic house that has been renovated with a vibrant touch of yellow and blue.

The Savaneta Foundation, The First Capital, is a beautiful project where they are painting and refurbishing a couple of old, traditional houses in the Savaneta neighborhood. With an eye towards the future and becoming a main attraction for tourists, it's essential to preserve our historic houses as cultural and historical treasures. The conservation of historic houses is vital for safeguarding our identity, and Savaneta is rich in history and culture.

Families, neighbors, and acquaintances from Savaneta came together to celebrate the accomplishment of the first house out of a total of 10 houses that will be transformed. This will allow tourists to visit traditional houses in the charming Savaneta neighborhood.

This wouldn't have been possible without the support of the Savaneta community, volunteers, and sponsors such as Aruba Bank N.V., Setar N.V., Aruba Ocean Villas, Spazio Real Estate, and Kooyman. It's a journey you won't want to miss, whether you're heading up or down the road.

Minister Dangui Oduber announced that the Ministry of Tourism has many exciting projects in the pipeline to enhance various areas of Savaneta. This includes improving the beach next to the former Brisas del Mar, making necessary adjustments to the beach at Santo Largo to prevent cars from driving onto the beach, installing some palapas, and enhancing the piers in the area to facilitate the use by local fishermen. Savaneta is poised to become a tourist attraction and a historical and cultural area.

Minister Dangui Oduber concluded his speech by saying, "These projects offer a fresh attraction for Savaneta. We have several plans, funds available, and execution will commence soon."

Mass Shooting in Lewiston, Maine Leaves Multiple Dead

A devastating mass shooting occurred in Lewiston, Maine, leaving the community in shock and mourning. The shooting took place on Wednesday night, with 18 people confirmed dead, although some reports suggest a higher toll, possibly up to 22 casualties. This incident could potentially be the deadliest mass shooting in the United States this year.

The alleged shooter, Robert Card, aged 40, has been identified as a person of interest. Authorities have warned that he is armed and dangerous. Following the shooting, Lewiston, a city with a population of approximately 38,000, was placed on lockdown, with businesses instructed to close, and residents urged to stay at home.

The tragedy unfolded at two locations, a restaurant, and a bowling alley. Survivors recounted harrowing experiences, with some seeking shelter and protection during the attack. While gun violence incidents have become increasingly common in the United States, Maine ranks 40th among US states in terms of gun-related deaths. The shooting has prompted an outpouring of grief and concern for the victims and their families.

Law enforcement agencies are actively involved in the investigation, and a statewide response is ongoing. Nearby states, including New Hampshire and Connecticut, have been placed on alert due to the ongoing manhunt for the gunman. The situation remains fluid, and details continue to emerge as authorities work to apprehend the suspect and provide support to the affected community.

Primark Faces Criticism for Misleading Sustainability Claims

IRISH multinational fashion retailer Primark is under scrutiny for allegedly making misleading sustainability claims in the Netherlands, according to the advertising standards watchdog, Reclame Code Commissie.

The controversy stems from Primark's poster campaign, where slogans such as "Reducing CO2 emissions by 50% so the earth can breathe" and "Organic, recycled, sustainable, and affordable cotton" have been deemed deceptive. The watchdog pointed out that the fine print reveals these are future goals, not present achievements.

Furthermore, Primark's assertion of "making clothing circular" was challenged, as the small print clarifies this merely signifies "recyclable" and won't be realized until 2027. The watchdog also highlighted the lack of concrete steps supporting Primark's claim to halve emissions.

Sustainable fashion activist Sara Dubbeldam brought forward the complaint, leading to the watchdog's decision.

However, Primark intends to appeal the ruling, asserting that its aims are practical and well-communicated through annual reports.
The case exemplifies the growing importance of transparency and authenticity in sustainability claims within the fashion industry.

Acapulco Devastated by Hurricane Otis; Residents Left in Chaos

Henry Romero / Reuters

HURRICANE Otis unleashed havoc on Acapulco, leaving the resort city in disarray with power outages, communication failures, and an unknown toll. The aftermath of the Category 5 hurricane was characterized by extensive damage, including toppled trees, shattered power lines, and massive flooding in some areas. While the government deployed approximately 10,000 military troops to assist, the destruction has hampered their response efforts.

Images of the aftermath revealed once pristine beachfront hotels now resembling ruins, with shattered windows and debris. The lack of effective aid and infrastructure restoration has frustrated residents and volunteers who have struggled to clear the streets of mud and debris. Disruptions in electricity and internet services have further complicated recovery efforts.

Residents, many of whom had little warning about the hurricane's severity, faced desperate conditions, with limited access to basic necessities. Some turned to looting in search of essential supplies. The hurricane's impact was particularly harsh on the impoverished communities of Acapulco.

Marco Ugarte

Acapulco has experienced its share of troubles in recent years, from declining tourism due to organized crime violence to the devastation caused by Hurricane Pauline in 1997. Otis's unexpected intensification and the subsequent chaos highlight the city's vulnerability to natural disasters and the urgent need for recovery and relief efforts.

WhatsApp Scammers Con Millions in Global Job Offer Hoax

A WhatsApp scam involving fake job offers has swindled an estimated €100 million from job seekers worldwide, according to cybersecurity firm CloudSEK. The elaborate scheme impersonates well-known recruitment firms like Adecco, Reed, and Hays. Victims receive text messages promising flexible work opportunities, often mentioning "big projects" and generous salaries paid in cryptocurrency.

These scammers primarily target people actively seeking employment, taking advantage of the rising demand for remote work. The scam, which started in November 2022, escalated in the UK from March 2023, affecting thousands. UK communications regulator OFCOM found that nearly one in three Britons encountered fraudulent job ads, with a significant portion stemming from this WhatsApp scam.

The scheme has gained momentum as fraudsters replicate websites of reputable companies, making victims believe they are part of a legitimate organization. Victims are lured into fake "team chats" on WhatsApp or Telegram, where they interact with supposed fellow employees. The scammers employ tactics to build trust and make the scam seem genuine, letting victims withdraw small amounts at first before requesting larger sums.

Stuart McFadden, co-founder of fraud recovery firm Refundee, explained that many victims fall into the trap of "loss-chasing," driven by a compulsion to recover prior losses. In some cases, victims have lost substantial amounts, including one client who fell prey to the scam and lost £400,000.

Experts warn that this type of scam is underreported, and fraudsters often target non-native English speakers unfamiliar with local job markets. Efforts to combat these scams are ongoing, but authorities and banks continue to grapple with the extent of this issue.

So, it looks like the first reviews for Five Nights at Freddy's are pretty much Rotten

THE big screen premiere of Five Nights at Freddy's is not going well. The movie is the latest video game adaptation to hit theaters, following the successful HBO series The Last of Us and Netflix's The Witcher. Unfortunately, the film is not receiving the same level of positive reception as its predecessors. Critics have deemed it a snoozefest, lacking the scare factor that made the video games so popular.

As of now, the Five Nights at Freddy's movie has a meager rating of only 30 percent on Rotten Tomatoes. The score has been consistently dropping throughout the day. Although it may not be the lowest rating for a video game adaptation, it still positions it as one of the worst-rated movies of 2023. This news is undoubtedly a setback for those involved in the project.

Director Emma Tammi previously aimed to turn FNAF into a trilogy. However, it's unclear how the reviews of the first film will affect her plans. While opinions on the movie are mixed, most critics agree that it's dull, with only a few jump scares and not enough action to justify its runtime.

Critics feel the movie's plot is stretched thin due to its length, making it a "slog" that will be forgotten quickly.

The audience score for Five Nights at Freddy's is yet to be released, but it's likely to be higher than the critics' score. Given the game's target audience, it's unlikely that critics from sites like The Guardian and Hollywood Reporter would appreciate its features. Fans, however, will probably appreciate the lore drops more, which may inflate the audience score.

Despite poor reviews, Five Nights at Freddy's has not been a commercial failure for Blumhouse. The movie earned back its $25 million budget before release and is expected to turn a profit due to its loyal fanbase. However, the negative feedback will be a disappointment for Tammi and the crew.

So will you be watching FNAF in theatres?

The Cultural Significance of Role-Playing Games

ROLE-PLAYING GAMES (RPGs) have transcended their status as mere pastimes to become cultural phenomena that leave a profound impact on society. While RPGs are often viewed as a form of entertainment, their cultural significance extends far beyond their gameplay mechanics. In this article, we delve into the rich tapestry of RPGs and explore the profound impact they have had on culture and society.

The Birth of a New World:
RPGs transport players to imaginary realms, each with its own history, geography, and mythology. This creative storytelling aspect has, over the years, facilitated the emergence of diverse cultural narratives. RPGs empower players to inhabit different characters and cultures, fostering empathy and understanding of diverse worldviews.

Interactive Storytelling:
The heart of an RPG is its narrative. These games require players to make choices that affect the outcome of the story, promoting a sense of agency and personal investment. This unique form of interactive storytelling has influenced the way we perceive narratives in all forms of media, from literature to film.

Cross-Cultural Collaboration:
The global popularity of RPGs has led to cross-cultural collaborations. Game development teams frequently consist of members from various countries and backgrounds. This exchange of ideas and perspectives not only enriches the gaming experience but also promotes cultural exchange and understanding.

RPGs and Cultural Identity:
Many RPGs are deeply rooted in culture, drawing inspiration from mythology, folklore, and history. They serve as a powerful medium for preserving and sharing cultural heritage. For example, RPGs like "The Witcher" showcase Polish folklore, while "Shin Megami Tensei" explores Japanese mythology.

Influence on Literature and Film:
RPGs have blazed a trail for other forms of media, especially in the realms of literature and film. The epic scale, complex characters, and intricate world-building found in RPGs have inspired authors and filmmakers to create immersive narratives with a similar depth.

The Role of Cosplay and Fandom:
Cosplay, where fans dress up as their favorite RPG characters, has become a cultural phenomenon in itself. RPGs have fueled a passionate and creative fandom that extends to conventions and artistic expressions, shaping new cultural norms and expressions.

The Growth of eSports and Streaming:

Texas Rangers Open as Favorites in the World Series Against Arizona Diamondbacks

THE Texas Rangers are set to make history as they enter the World Series as favorites with odds of -175 to secure their first-ever World Series championship. Their journey to the Fall Classic has been impressive, with the Rangers overcoming the Houston Astros in a thrilling seven-game series, where the road team won every game.

Their opponents, the Arizona Diamondbacks, also reached the World Series in a remarkable fashion, taking down the Philadelphia Phillies in Game 7 of the NLCS. Both teams had experienced losing seasons in 2021, but their resurgence as wild card entrants in 2023 has led them to this unlikely World Series matchup.

The odds favor a competitive series, with both a six-game and seven-game series set at +200. A five-game series is at +275, while the prospect of a clean sweep by either team carries odds of +550.

In the race for the World Series MVP title, two Texas Rangers players lead the way. Shortstop Corey Seager is the top favorite at +500, closely followed by outfielder Adolis Garcia at +600. Garcia has been a force to be reckoned with in the playoffs, delivering a remarkable performance in the ALCS.

For the Diamondbacks, Ketel Marte and Corbin Carroll are contenders at +950, with Marte boasting a strong OPS of .986 in the playoffs, while Carroll's standout Game 7 performance earned him recognition.

This World Series promises to be an exciting clash between two teams defying the odds, and baseball fans eagerly await the action set to unfold.

NBA All-Star Game Returns to Classic East vs. West Format in Indianapolis

THE NBA All-Star Game will revert to its traditional format, pitting the Eastern Conference against the Western Conference, for this season's contest in Indianapolis. This marks the end of the All-Star Draft, which had been in place for the past six seasons, and the return to a normal scoring system, eliminating the untimed fourth quarter based on the "final target score."

Teams will continue to include 12 players from each conference, with fan voting determining the team captains from the five starters on each side.

The league's commissioner, Adam Silver, explained that these changes aim to emphasize the importance of the game for fans. While there is no expectation of playoff-level intensity, the goal is to deliver a more competitive game for basketball enthusiasts.

Although the return to a traditional format may appear promising, the competitive nature of the NBA All-Star Game has been an ongoing challenge. Players often prioritize entertainment over defense, and the contest's outcome doesn't significantly impact the season. Even with previous format changes, the desired level of competitiveness has been elusive.

The All-Star Game will be hosted in Indianapolis at the Gainbridge Fieldhouse in February, promising a weekend of festivities and exhibitions, even though the competitive issue remains unaddressed.

Alistair Overeem Expresses Confidence in Francis Ngannou's Chances Against Tyson Fury

FORMER mixed martial artist Alistair Overeem, who suffered a brutal knockout loss to Francis Ngannou in 2017, is confident that Ngannou can upset the boxing world by defeating Tyson Fury in their upcoming heavyweight bout.

Overeem, a combat sports legend with a storied career, expressed his belief in Ngannou's victory on The MMA Hour. He emphasized that MMA fighters, like Ngannou, are often underestimated when transitioning into boxing. Overeem believes that Ngannou's unique skill set, combined with his size, will be a significant advantage.

The heavyweight boxing match between Ngannou, 37, and Fury, 35, is scheduled for October 28 in Riyadh, Saudi Arabia. While Fury's WBC heavyweight title is not on the line, the bout will be recorded in both fighters' official records. Ngannou, a former UFC champion, will be making his professional boxing debut.

Overeem, who had first hand experience of Ngannou's power, knows how formidable the heavyweight can be. The devastating knockout he suffered at Ngannou's hands effectively ended his title aspirations in the UFC.

Drawing from his own experience, Overeem pointed out that he, too, faced doubt when transitioning to kickboxing, but he went on to achieve success by defeating legendary opponents.

He expressed his intent to fly to Saudi Arabia to watch the fight in person and predicted that Ngannou would secure a brutal knockout victory.

Overeem's confidence in Ngannou stems from the unique mindset that MMA fighters bring to the ring when entering different combat sports.

US Debt Crisis Looms

Growth Alone Won't Suffice

THE United States is confronting a mounting debt crisis that cannot be resolved through economic growth alone, warns the nonpartisan research group, the Peter G. Peterson Foundation. The US's $33 trillion debt burden is set to surge further, with the debt-to-GDP ratio projected to hit 107% by 2029, an all-time high. This alarming trend contrasts with the years following World War II when debt-to-GDP ratios significantly decreased due to favorable market conditions, a post-war economic boom, and strategic fiscal management.

Researchers emphasize that counting on rapid GDP growth is not a viable solution given current projections for primary deficits, demographic shifts, and Federal Reserve policies focused on inflation control. Lawmakers face a significant wake-up call, and they must explore policy solutions suited to the current fiscal and economic landscape.

The challenges are compounded by an unresolved budget deficit, uncertain political agreements, and the Federal Reserve's commitment to higher interest rates. These factors, along with a substantial portion of the national debt set to mature in the next year, have raised concerns about the sustainability of debt servicing costs. Fears of attracting buyers for US Treasurys could even lead to failed Treasury auctions, potentially requiring the Fed to purchase debt securities, with inflationary consequences. This mounting debt predicament requires prudent and decisive policy action.

Staff Shortages, Not Taxes, Drive Companies Away from the Netherlands

A recent research study commissioned by the Dutch Ministry of Economic Affairs has shed light on the key reasons behind companies relocating or scaling back operations in the Netherlands. Surprisingly, it's not the tax regime but rather the severe shortage of skilled staff and decisions by parent companies that have been the primary driving factors.

Interviews with representatives from 17 companies revealed that tax considerations had minimal influence on their relocation decisions. Most of these firms had chosen to move production or logistics departments abroad due to the scarcity of skilled workers. A high-tech company, for instance, shifted part of its production to India in response to a shortage of IT professionals.
Additionally, decisions made by parent companies and long-term prospects played significant roles in prompting these changes. Concerns about proposed reductions in the 30% ruling, a tax benefit for international workers, were also raised. Employers expressed anxiety over housing shortages and limitations in electricity grid capacity.

Notably, some high-profile companies like Shell, Unilever, and DSM, which have relocated their headquarters, attributed their moves to the tax climate in the Netherlands, particularly the tax on dividends. The research findings underscore the multifaceted considerations at play when businesses decide to make significant shifts in their operations.

Shell Reduces Workforce in Renewable Energy Branch to Boost Returns

A strategic move to enhance returns, Shell is set to trim its workforce by 200 employees in its sustainable energy division, while also reducing its hydrogen activities.

This decision reflects the vision of the new CEO, Wael Sawan, who assumed his role at the beginning of this year, succeeding Dutchman Ben van Beurden.

Under Van Beurden's leadership, Shell expanded its presence in the green energy sector. However, Sawan's perspective differs. He believes that the transition to sustainable energy sources is not happening at the desired pace to entirely shift away from the oil and gas sectors.

Shell's reduction will primarily affect the Low Carbon Solutions (LCS) division, which is dedicated to decarbonizing the transport and industrial sectors. The 200 job cuts represent approximately 15% of the division's workforce. These strategic moves are part of Shell's efforts to refocus and adapt to evolving market dynamics.

Last week, senior Shell managers held meetings with LCS staff to communicate the restructuring plans. While this move may seem counterintuitive given the global push for renewable energy, it underscores the complex balance companies like Shell must strike as they navigate the energy transition landscape.

New Report Highlights Winners and Losers in Global Economy's Urban Competition

A fresh analysis offers insight into which cities are best positioned to thrive in an ever-changing global economy and which face greater challenges. Cities continue to serve as the primary engines of the global economy, despite technological advancements that have expanded where people can live and work. Remarkably, the world's 300 largest cities or metropolitan areas contribute over 50% of global economic output while housing just 20% of the world's population.

In terms of innovation, the disparity is even more striking, with only 24 global cities accounting for 75% of global venture capital investment while being home to a mere 4% of the world's population. The top six cities alone attract over half of all global venture capital investment, even though they house just 1% of the global population.

The pandemic has reshaped the competition among global cities for investment, jobs, and talent. While superstar cities like London and New York continue to lead, smaller European cities such as Copenhagen, Vienna, and Amsterdam are gaining appeal by offering high quality of life at more affordable costs. American cities, including San Francisco, Washington, D.C., Boston, and Seattle, remain competitive despite challenges.

However, a significant divide separates advanced cities in the Global North from larger cities in the Global South. Some rapidly growing Asian and Indian megacities exhibit adaptability, but many megacities in the Global South struggle, with poor African cities facing the greatest challenges.

This ranking, based on statistical data and surveys involving over 50,000 people across 79 global cities, assesses key factors across five categories: economic opportunity, quality of life, social capital, governance, and the pace of change. Cities are categorized based on population size and economic development levels, shedding light on the competitive landscape in today's global economy.

Understanding Dutch and International Succession Laws for Expats

THINKING about what happens to your assets after your passing might not be pleasant, but it's a prudent consideration. This is especially crucial for expatriates, whose circumstances may be complex due to residing in different countries. GMW lawyer Stephanie Hasselaar-Veltkamp offers valuable insights into this matter.

For those leading an international life, predicting how their estate will be settled posthumously isn't always straightforward. Nonetheless, staying well-informed and, in most cases, having a measure of control can alleviate uncertainties.

In the event of a demise, the key factor is determining which jurisdiction's laws apply to estate settlement, as each country possesses its unique legal framework. In the European Union, the EU regulation on succession law delineates the applicable jurisdiction.

This regulation allows individuals to select the law that governs their estate. The choice can be based on the country of their nationality at the time of making the decision or at the time of death. Subsequently, estate settlement aligns with the selected jurisdiction.

If no such choice has been made, the default rule kicks in, where the law of the last habitual residence holds sway. However, discerning habitual residence isn't always straightforward, as it encompasses one's social and civic life, not necessarily matching their domicile.

The complexity is further compounded because the EU Regulation employs a system in which both the succession law and international law of the designated state may apply. This entails the potential for one state's law to defer to another's. Such intricacies make a compelling case for informed decision-making, possibly with legal counsel and a recorded will. Understanding the nuances of inheritance laws can prevent unexpected outcomes and ensure a smoother transition of assets to survivors.

The Power of Emotional Intelligence:

Why EQ Trumps IQ in Many Aspects of Life

THE realm of human intelligence, two terms often take center stage: Emotional Intelligence (EQ) and Intelligence Quotient (IQ). While IQ measures cognitive abilities and problem-solving skills, EQ focuses on emotional awareness, empathy, and social skills. In recent years, the pendulum has swung toward recognizing the significance of EQ, often considered more vital than IQ in certain areas of life and success.

Interpersonal Relationships:
EQ thrives in the world of interpersonal relationships. Individuals with a high EQ possess superior communication skills and an uncanny ability to comprehend and navigate complex social situations. Their empathy paves the way for forming and maintaining positive relationships, creating an environment of trust and understanding.

Leadership and Teamwork:
In leadership and team dynamics, emotional intelligence emerges as the linchpin. Leaders with a high EQ can inspire and motivate their teams, adeptly handling conflicts and fostering a positive work atmosphere. Their knack for understanding team members' emotions and needs leads to more effective collaboration and ultimately, success.

Adaptability and Resilience:
Life's journey is replete with twists and turns, and EQ is the compass that guides us through them. Those with high emotional intelligence are better equipped to cope with stress, navigate setbacks, and face challenges head-on. They can manage their emotions, learn from failures, and adapt gracefully to changing circumstances.

Self-Awareness:
Self-awareness is the cornerstone of EQ. Individuals with high EQ possess a profound understanding of their own strengths and weaknesses. This awareness fuels personal growth and improvement, as they can work on enhancing their strengths and mitigating their weaknesses.

Decision-Making:
Emotions often sway decision-making. High EQ individuals excel in this arena, as they take into account not only the rational aspects of a choice but also the emotional implications. This well-rounded perspective leads to more balanced and informed decisions.

Success in Life:
Success in life's myriad domains hinges upon emotional intelligence. Whether in careers or personal life, understanding and managing emotions, both one's own and those of others, plays a pivotal role in achieving one's goals.

The grand debate of EQ versus IQ, it's important to recognize that both are valuable assets. IQ is essential for tasks that require logical reasoning and problem-solving.

However, EQ complements these abilities by addressing the emotional and social facets of life. The true importance of EQ versus IQ depends on the specific context and objectives at hand.
Striking a balance between the two can lead to a more holistic and well-rounded approach to personal and professional development, ultimately paving the way for a richer and more successful life.

Bedtime Habits to Improve Your Sleep Quality

A good night's sleep is essential for overall health and well-being. Establishing bedtime habits can help you relax, unwind, and prepare your body for restorative sleep.

Here are five habits to incorporate into your evening routine:

Digital Detox: One of the most crucial bedtime habits is to disconnect from electronic devices. The blue light emitted by smartphones, tablets, and computers can interfere with your circadian rhythm and make it challenging to fall asleep. Aim to power down your devices at least an hour before bedtime. Instead, engage in calming activities like reading a physical book, taking a warm bath, or practicing relaxation exercises.

Create a Soothing Environment: Your sleep environment plays a significant role in your sleep quality. Ensure your bedroom is dark, quiet, and at a comfortable temperature. Invest in blackout curtains to block out external light, use earplugs or a white noise machine to mask disruptive sounds, and set the thermostat to a cool, comfortable temperature.

Bedtime Routine: Establishing a consistent bedtime routine signals to your body that it's time to wind down. Whether it's brushing your teeth, washing your face, or practicing gentle stretches, having a predictable series of activities can help your body recognize that sleep is approaching. Incorporate calming rituals such as drinking a cup of caffeine-free herbal tea or practicing mindfulness meditation to relax further.

Limit Caffeine and Heavy Meals: Avoid consuming caffeine and heavy, spicy, or fatty foods in the hours leading up to bedtime. Caffeine is a stimulant that can keep you awake, while heavy meals may lead to discomfort and indigestion. If you need a bedtime snack, opt for something light and sleep-promoting, like a small serving of yogurt or a banana.

Unplug Your Mind: To avoid racing thoughts that keep you awake, dedicate a few minutes to write in a journal or make a to-do list for the next day. This practice can help you unload your thoughts, worries, and tasks from your mind, making it easier to relax and drift into sleep.

Incorporating these bedtime habits into your nightly routine can significantly improve your sleep quality and help you wake up feeling refreshed and energized. Remember that consistency is key when establishing these habits. While it may take some time to adapt to these changes, the long-term benefits for your sleep and overall health are well worth the effort. Prioritize self-care by creating a bedtime routine tailored to your needs and preferences. Sweet dreams await you!
